

Washington State TB Program Process for Class B1 and B2

Receipt of Paperwork

- Paperwork received at WA State Department of Health (DOH) TB Program from the Centers for Disease Control and Elimination, Division of Global Migration and Quarantine (formerly Division of Quarantine)
- DOH TB Program Administrative Assistant separates the State Health Department Copy from Local Health Department Copy (goldenrod or yellow half sheet) with attachments. DOH Administrative Assistant routes the State Health Department Copy to DOH Data Compiler for entry into Class B1/B2 database
- DOH Administrative Assistant sends the Local Health Department Copy with attachments to appropriate local health jurisdiction

Upon Completion of Screening

- Local health jurisdiction sends the Local Health Department Copy (yellow half sheet) to the WA State DOH TB Program
- Completed Local Health Department Copy routed to DOH Data Compiler for data entry into Class B1/B2 database
- DOH Administrative Assistant sends completed Local Health Jurisdiction Copy to the Division of Global Migration and Quarantine

Class B1 and B2 Clients Not Found

- Local Health Department Copy with attachments returned from local health jurisdiction to DOH TB Program
- Nursing Consultant reviews to determine if all avenues of locating person(s) have been utilized
- Nursing Consultant routes Local Health Department Copy with attachments to DOH Data Compiler for entry into database as “lost to follow-up”
- DOH Administrative Assistant sends Local Health Department Copy (yellow) with attachments and any notations back to the Division of Global Migration and Quarantine. Coordinator will then attempt to locate the immigrant(s)

Class B1 and B2 Clients Moved Out of State Before Screening

- Local Health Department Copy with attachments returned from local health jurisdiction with new address and phone number noted to DOH TB Program
- DOH Administrative Assistant routes Local Health Department Copy with attachments to DOH Data Compiler. Data Compiler enters into database as “moved” and routes Local Health Department Copy with attachments to DOH Administrative Assistant
- DOH Administrative Assistant sends Local Health Department Copy with attachments to the appropriate county in the appropriate state
